

Series of wall recessed lighting fixtures. It is made of die-cast aluminum and comes in two versions of round and square shape. It houses a 350mA LED pcb in asymmetrical position, in order to minimize the glare effect. It comes with the plastic housing box for concrete/brick walls, and with springs for plasterboard walls. It cannot be placed outdoors (IP20). It is available with the 350mA 1W LED 3000K and needs a remote driver.
